## Do Not Solicit Registry

Any resident or business may complete a registration to the "Do Not Solicit" list. Residents or Business may also appear in-person at the Police Department to put their respective information on the list. Only street addresses will be collected and provided to the individuals applying for a soliciting permit.

When an individual or organization applies for a soliciting permit at the Police Department, all members of that group will be provided with the latest copy of the 'Do Not Solicit' list.

If a solicitor violates the no soliciting policy, all members of their group will have their permits revoked for an initial period of (30) days. Further violation will carry an extended revocation as well as any other penalties deemed appropriate under local and state law.

A resident or business must reapply every three years to maintain their name on the list.

**\*\*\*\*The 'Do Not Solicit' list does not apply to solicitation for Religious, Political or Non-Profit activities\*\*\*\***
